

# FOREST TRACK

From this point on, this road becomes a forest track that serves properties and land used for agricultural, forestry and grazing activities. This forest track is restricted by the prohibitions prescribed by Regional Law 15/1991 and Regional Law 9/2007

## ATTENTION

- No protective barriers - Rockfall
- Steep gradients - trench drain crossings
- The potential risk of flood water or ice
- Landslides caused by bad weather
- Grazing animals - Worksites

The track is only to be used by heavy equipment and approved off-road vehicles. It is not to be used by other types of vehicles or bicycles.

Always drive at a moderate speed.

The use of the forest track is at the risk of the user, who is solely and fully liable for any damage to persons or property, including to third parties.
